ACCEPTED BY:

Purpose:

Identifying any member or employee which may be limited in their ability to perform the duties required.

Policy:

Any member or employee of the Bloomfield Genoa City Fire & Rescue (BGCFR), who must seek medical attention from a physician, physicians assistant or a medical facility due to an injury or illness, which would limit their ability to perform their duties as a firefighter or EMT must have a medical release to return to full duty. This would include injury or illness whether or not arising from duties performed on behalf of BGCFR. Any members or employee having an injury or illness that would limit their ability to perform as a firefighter or EMT must inform a Chief prior to responding to any training or call. All members and employees falling under this policy may be placed on inactive duty until such release is received. Limited duties may be performed with the approval of a Chief.
